PROFILE

I am Muhammad Umar Hayaat a dedicated **MERN Stack and React Native Developer**. My educational journey led me to focus on Computer Science during my Intermediate studies at Govt College of Science.

Currently pursuing a degree in **Software Engineering**, I have honed my skills in **HTML, CSS, JavaScript**, and **React JS,** among others. As an excited web and app developer, I am passionate about creating dynamic and seamless digital experiences.

EDUCATION

Matriculation | Computer Science
Govt City Muslim School Amin Town
📅 2018 - 2020

Intermediate | ICS
Govt Graduate College of Science Samnabad
📅 2020 - 2022

Saylani Mass IT Training Faisalabad
📅 2022 - 2023

Bachelor Studies | Software Engineering
Virtual University
📅 2022 - Present

SKILLS

FRONTEND
HTML5   CSS3   SCSS   Bootstrap   Tailwind CSS

Git / Github   Javascript   React JS   Next JS

BACKEND
Node JS   MongoDB   Google Firebase

MOBILE DEVELOPMENT
React Native

PROJECTS

Electon Store
I developed an **Electron Store** ecommerce site with a responsive design using **React JS** and **Tailwind CSS**, along with the FakeStore API for product data. Ensured an effortless user experience, captivating visitors with every interaction.

Student Management System
I created a **Student Management System** website with a responsive design using **React JS**, **Bootstrap**, and **Firebase**, along with other essential technologies. This platform allows users to easily add new courses and enroll students accordingly. Additionally, it facilitates tracking student attendance.

Sticky Notes
I developed a **sticky notes** web app with a responsive design using **React JS**, **Bootstrap**, and **Google Firebase**, along with other essential technologies. This app enables users to add, edit, and delete notes effortlessly. Furthermore, users can filter notes based on dates and enjoy additional features for enhanced organization.
